

# Lee Rachlin

Vice President, Customer Solution Delivery

M: 954 740 0665

[lee.rachlin@reedgroup.com](mailto:lee.rachlin@reedgroup.com)

Lee holds a bachelor's degree in Biology and is certified in Six Sigma methodology. He holds the designation of "Project Management Professional" (PMP) credentialed by the Project Management Institute (PMI, ICP by ICAgile and Certified SAFe® Agilist (SA) by Scaled Agile. He has been active with PMI Savannah for 15 years and currently serves as President of the chapter

Lee is ReedGroup's Vice President of Customer Solution Delivery & Business Intelligence. He has accountabilities for project management, business analysis and reporting best practices. He is a senior Absence, Disability and Life leader with more than 24 years of experience successfully partnering with large multi-national customers and consultants to design and implement Group Insurance program solutions.

Lee has direct experience at a tactical level via prior roles, implementing Agile methodologies across the enterprise; as a Senior Project Manager with Broadspire focusing on large customized Disability, FMLA and Leave of Absence solutions to employers with more than 10,000 employees. And as the Manager of Project Management and a Senior Business Systems Analyst for CORE, Inc. During this time, he was pivotal in the development of an integrated FMLA & Disability claims system leveraging his background in Operations, IS and Customer Service
